

## RISE'S MISSION

Rise unlocks potential and opens doors to success for people with disabilities or other challenges through creative solutions and customized support. We envision a progressive, supportive, and collaborative environment that fosters meaningful growth and provides opportunities to live a life filled with purpose.

People are typically funded through Minnesota Rehabilitation Services, Medicaid waiver programs (TBI or CADI), Workers' Compensation, county social services, or are self-paid. Rise staff are knowledgeable in reimbursement systems and will work closely with you and your family to identify your payment options.

Incorporated in 1971, Rise offers person-centered vocational, housing supports, and personal growth programs throughout the Twin Cities metro and Greater Minnesota areas. Annually, Rise serves more than 3,000 people who have a wide range of disabilities as well as refugees and immigrants.
